GENERAL INFORMATION

HISTORY

Vet Tech Institute of Houston was founded as Zorn Business College in 1958. The school was purchased by Bradford Schools, Inc., in 1979 and renamed Bradford School of Business. The Vet Tech Institute of Houston was started by the school in September 2007 and is modeled on successful Vet Tech Institutes in Pittsburgh, Columbus, Fort Wayne, Indianapolis, Chicago, and St. Louis. The school name was changed in 2009.

MISSION

Vet Tech Institute of Houston is a specialized institution committed to excellence and professionalism in preparing motivated students for successful careers as veterinary technicians through an accredited eighteen-month program that combines interactive lecture and practical training. To achieve this mission, we are dedicated to these objectives:

- We will offer an accredited eighteen-month program that offers in-depth career preparation through both interactive lecture and skill-based training.
- We will seek continuous improvement in our faculty to inspire students and promote and model excellence.
- We will seek continuous improvement in our administration and facilities to promote and support an environment of teaching and learning.
- We will seek continuous improvement in career services to serve graduates and the animal health community.

LOCATION AND FACILITIES

The Vet Tech Institute of Houston is located in the Galleria area in the Southwest Plaza at 4669 Southwest Freeway. The school leases more than two floors of an office building at this location. The facility includes traditional lecture rooms, computer labs, laboratory classrooms, veterinary technician-specific classrooms, a well-equipped resource center, on-site animal kennels, a student break area, and administrative offices. Business hours are 7:30 a.m. to 5 p.m.

Vet Tech Institute of Houston strives to provide students with a learning environment that is similar to that in which they desire to work. As a result, great effort has been made to provide attractive surroundings with industry-standard equipment to create an atmosphere conducive to learning. Major equipment includes, but is not limited to, a stationary radiograph machine, a dental radiograph machine, an automatic processor, ultrasound, a Surgivet monitoring system, a Bionet Cardio Care 2000 ECG, a Vet Test blood chemistry analyzer, and an Idexx Lasercyte CBC analyzer. An entrance for the disabled is provided.

ACCREDITATION

Vet Tech Institute of Houston is approved and regulated by the Texas Workforce

Commission, Career Schools and Colleges Department, 101 E. 15th Street, Austin, Texas 78778-0001. The degree program is approved and regulated by the Texas Higher Education Coordinating Board, Community and Technical Colleges Division, 1200 East Anderson Lane, Suite 3.155, Austin, Texas 78752.

The Vet Tech Institute of Houston Veterinary Technology Program is currently accredited by the Committee on Veterinary Technician Education and Activities (CVTEA) of the American Veterinary Medical Association (AVMA). The address and telephone number of the American Veterinary Medical Association are 1931 N. Meacham Road, Schaumburg, IL 60173, (847) 925-8070.

STUDENT CONSUMER INFORMATION

Federal regulations set forth by the Higher Education Act of 1965 as amended require Vet Tech Institute of Houston to annually distribute to all enrolled students and to prospective students upon request information about the availability of specific types of consumer information. To comply with these regulations, Vet Tech Institute of Houston has prepared a "Guide to Student Consumer Information." This report is distributed annually to enrolled students. Copies are available upon request in the office of the School Director. The most recent important information about the educational debt, earnings, and completion rates of students who attended programs at Vet Tech Institute of Houston may be found at www.vettechinstitute.edu/our-programs.

LEGAL CONTROL

Vet Tech Institute of Houston is owned and legally controlled by Bradford Schools, Incorporated, 133 Freeport Road, Pittsburgh, PA 15215. Officers of the corporation are Joseph L. Calihan, Chairman; Martin J. Calihan, President, Chief Executive Officer, and Treasurer; Jo Ann Travis, Vice President; and Jennifer G. Calihan, Secretary.

Other affiliated Bradford schools include:

- Antonelli Institute, Philadelphia, Pennsylvania
- Bradford School, Columbus, Ohio
- Bradford School, Pittsburgh, Pennsylvania
- Fox College, Bedford Park, Illinois
- Hickey College, St. Louis, Missouri
- International Business College, Fort Wayne, Indiana
- International Business College, Indianapolis, Indiana
- King's College, Charlotte, North Carolina
- Minneapolis Business College, Minneapolis, Minnesota
- Vet Tech Institute, Pittsburgh, Pennsylvania

PROGRAM MODERNIZATION

Vet Tech Institute of Houston prepares its students for employment in the animal health care community. To best meet the needs of these employers, periodic revision of our

courses and program is necessary. Vet Tech Institute of Houston, therefore, reserves the right to add to or delete material from courses, alter program content, change software and equipment, change faculty, adjust tuition and fee rates, and modify cancellation/refund policies as circumstances indicate, subject to approval of the various state and national agencies under whose regulations we operate. Also included is the right to cancel a program if there is insufficient enrollment.

DISASTER AFFECTING THE SCHOOL'S OPERATIONS

In the event of acts of God affecting operations (i.e., fire, flood, hurricane, tornado, etc.), Vet Tech Institute of Houston reserves the right to suspend training for a period not to exceed 90 days.

NONDISCRIMINATION IN EDUCATIONAL PROGRAMS AND ACTIVITIES

Educational institutions receiving federal financial assistance are required to comply with Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and Title VI of the Civil Rights Act of 1964. These federal laws prohibit discrimination on the basis of gender, including sexual harassment and sexual violence; sexual orientation; genetic information; race; color; religion; national origin; age; veteran status; and disability in the education programs and activities that they operate. Vet Tech Institute of Houston is subject to these laws and complies fully with them in the enrollment of students, the hiring of faculty and staff, and in all other activities of the school. The Director/Chief Academic Officer, who is identified in the Administration, Faculty, and Staff section of this catalog and who may be reached by phone at 713-629-1500 or by mail at 4669 Southwest Freeway, Suite 100, Houston, Texas, 77027, is the Title IX coordinator at Vet Tech Institute of Houston. Questions regarding Title IX may be referred to the Title IX coordinator or to the U. S. Department of Education Office for Civil Rights. Students, faculty, and administrative employees are encouraged to bring any complaints or reports of discrimination to the coordinator's attention. The matter will be investigated promptly, and both parties will be notified in writing about the outcome of the complaint. Appropriate follow-up will be implemented to assure that no person associated with the school is subjected to unlawful discrimination. Individuals who report discrimination will not be subjected to any retaliation for doing so.

COPYRIGHT INFRINGEMENT POLICY AND SANCTIONS

Vet Tech Institute of Houston requires all students, faculty, and staff to comply with copyright laws. Copyright is a form of protection provided by the laws of the United States (Title 17, U.S. Code) to the authors of "original works of authorship." The owner of copyright has the exclusive rights of reproduction, adaptation, publication, performance, and display. Types of works that are covered by copyright law include, but are not limited to, text, music, art, photographs, graphics, film, and software. Copyright covers all forms of a work, including its digital transmission and subsequent use.

It is illegal for anyone to violate any of the rights provided by the copyright law to the

owner of copyright. Copying copyrighted materials in excess of the “fair use” limitation without the authority of the copyright owner, including uploading or downloading works protected by copyright, is an infringement of the copyright owner’s exclusive rights of reproduction and/or distribution. Unauthorized distribution of copyrighted material, including distribution of copyrighted material through unauthorized peer-to-peer file sharing, may subject individuals to civil and criminal liabilities.

Copyright infringement violates the institution’s policies and the law. Anyone who engages in copyright infringement, including the unauthorized distribution of copyrighted materials using the institution’s information technology system, will be subject to discipline by the school, which may include warning, suspension, expulsion, or termination. Copyright infringement may also subject the individual to civil and criminal liabilities. Anyone found to have infringed a copyrighted work may be liable for actual damages or statutory damages up to \$30,000 for each work infringed and, if willful infringement is proven by the copyright owner, that amount may be increased up to \$150,000 for each work infringed. In addition, individual infringers may be subject to criminal prosecution.

ADMISSIONS INFORMATION

ADMISSIONS REQUIREMENTS

To be accepted for admission to Vet Tech Institute of Houston, an applicant must have: graduated from a valid high school, private school, or equivalent (GED); achieved strong grades/scores in math and science; reached a minimum age of 17; and achieved a score equivalent to at least 20 on the Wonderlic Scholastic Level Exam administered in a supervised environment.

Applicants who do not have strong math and science grades/scores may demonstrate the ability to succeed in the program by meeting with a member of the school's administration and/or submitting additional information. Such additional information may include the following: previous college transcripts, recommendation letters, job shadow verification, and/or animal-related work or volunteer experience.

ADMISSIONS PROCEDURE

Potential students should call or write the Admissions Department to request an application form. To apply for enrollment, the student should complete the application form and submit it with the application fee to the Director of Admissions, Vet Tech Institute of Houston, 4669 Southwest Freeway, Suite 100, Houston, Texas 77027. Potential students may also apply online at www.VetTechInstitute.edu.

Upon receipt of the application, the school will request a transcript of the applicant's high school record. An applicant who is the recipient of a GED is required to submit a copy of his or her certificate. Any record of post-high school education should be obtained by the applicant and provided to the school.

Generally, the applicant is notified of the school's decision within two to four weeks after submission of the application.

FINANCIAL INFORMATION

TUITION AND FEES

Application Fee\$50
Payable with all applications for admission and refundable if an applicant is rejected by the school for admission or within three business days of signing the enrollment agreement.

Tuition Deposit\$50
A \$50 tuition deposit is due no later than 30 days after a student is accepted for admission.* This deposit is applied to tuition when the student begins classes. It is refundable up until three business days after the student signs the enrollment agreement or three business days after the payment date, whichever is later. After that date, the tuition deposit is no longer refundable.

Confirmation Deposit\$50
A \$50 confirmation deposit is due no later than 30 days after a student's financial plan is held.* This deposit is credited to tuition when the student begins classes. It is refundable if a student cancels enrollment within the first three scheduled class days.

Rates for students entering between January 1, 2017, and December 31, 2017:

Tuition

Per semester** \$6,870
Externship Half Semester..... \$350

Lab Fees

Veterinary Technology Lab Fee (per semester)..... \$450
This fee is charged for each semester for which the student is enrolled during the first four semesters of the program. Students reenrolling mid-semester will be charged for a term. The charge for a term is equal to one-half the semester rate.

Textbooks and Supplies

Textbook and supply charges will vary from semester to semester depending upon the program in which the student is enrolled. These charges will range from \$100 to \$1500 per semester. Actual charges will be used in the student's financial plan.

Students may opt out of their plan to have books and/or supplies charged to their account. To start the opt-out process, the student must see the Financial Aid Office to revise the financial plan. If the student has a credit balance on his or her account, those funds will be made available immediately upon the student's request so that the student may purchase books and supplies.

Rates for students entering between January 1, 2018, and December 31, 2018:

Tuition

Per semester** \$6,870
Externship Half Semester..... \$350

Lab Fees

Veterinary Technology Lab Fee (per semester)..... \$480
This fee is charged for each semester for which the student is enrolled during the first four

semesters of the program. Students reenrolling mid-semester will be charged for a term. The charge for a term is equal to one-half the semester rate.

Textbooks and Supplies

Textbook and supply charges will vary from semester to semester depending upon the program in which the student is enrolled. These charges will range from \$100 to \$1500 per semester. Actual charges will be used in the student's financial plan.

Students may opt out of their plan to have books and/or supplies charged to their account. To start the opt-out process, the student must see the Financial Aid Office to revise the financial plan. If the student has a credit balance on his or her account, those funds will be made available immediately upon the student's request so that the student may purchase books and supplies.

Students are expected to make monthly installments while in school. Payments can be made by VISA, MasterCard, check, money order, or cash.

*Applicants who are accepted or apply within 30 days of their original start date must pay all deposits before classes begin.

**The quoted tuition rate is based on enrollment for the equivalent of 12 credit hours or more in a semester. Tuition charges for a student enrolled in less than 12 credit hours in a semester will be adjusted proportionately. Students reenrolling midsemester will be charged for a term. The charge for a stand-alone term is equal to one-half the semester rate and is based on enrollment for the equivalent of 6 credit hours or more in the stand-alone term. Tuition charges for a student enrolled in less than 6 credit hours in a stand-alone term will be adjusted proportionately.

REFUND POLICIES

When students withdraw or are dismissed, refunds shall be based on and computed from the last day of attendance. Refunds shall be made within 45 days of the date a student withdraws or the date of determination of withdrawal if a student does not notify the school of his/her intention to withdraw. Questions about refunds of tuition and other charges should be referred to the school's administrative or financial aid office. Examples of refund calculations are available upon request.

Cancellation Policy

A full refund will be made to any student who cancels the enrollment contract within 72 hours (until midnight of the third day excluding Saturdays, Sundays, and legal holidays) after the enrollment contract is signed. Applicants who have not visited the school prior to enrollment will have the opportunity to withdraw without penalty within three business days following either the regularly scheduled orientation procedures or following a tour of the school facilities and inspection of equipment where training and services are provided. A full refund will also be made to any student who cancels enrollment within the student's first three scheduled class days, except that the school may retain not more than \$100 in any administrative fees charged.

Refunds of Tuition, Lab Fees, and Other Charges

1. Refund computations will be based on scheduled course time of class attendance

through the last date of attendance. Leaves of absence, suspensions, and school holidays will not be counted as part of the scheduled class attendance.

2. The effective date of termination for refund purposes will be the earliest of the following:
 - a. The last day of attendance, if the student is terminated by the school;
 - b. The date of receipt of written notice from the student; or
 - c. Ten school days following the last date of attendance.
3. If tuition and fees are collected in advance of entrance, and if after expiration of the 72-hour cancellation privilege the student does not enter school, not more than \$100 in nonrefundable administrative fees shall be retained by the school for the entire residence program or synchronous distance education course.
4. If a student enters a residence or synchronous distance education program and withdraws or is otherwise terminated, the school or college may retain not more than \$100 in nonrefundable administrative fees for the entire program. The minimum refund of the remaining tuition and fees will be the pro rata portion of tuition, fees, and other charges that the number of hours remaining in the portion of the course or program for which the student has been charged after the effective date of termination bears to the total number of hours in the portion of the course or program for which the student has been charged, except that a student may not collect a refund if the student has completed 75 percent or more of the total number of hours in the portion of the program for which the student has been charged on the effective date of termination.¹
5. Refunds for items of extra expense to the student, such as books, tools, or other supplies, should be handled separately from refund of tuition and other academic fees. The student will not be required to purchase instructional supplies, books, and tools until such time as these materials are required. Once these materials are purchased, no refund may be made. For full refunds, the school can withhold costs for these types of items from the refund as long as they were necessary for the portion of the program attended and separately stated in the enrollment agreement. Any such items not required for the portion of the program attended must be included in the refund.
6. A student who withdraws for a reason unrelated to the student's academic status after the 75-percent completion mark and requests a grade at the time of withdrawal shall be given a grade of "incomplete" and permitted to re-enroll in the course or program during the 12-month period following the date the student withdrew without payment of additional tuition for that portion of the course or program.
7. A full refund of all tuition and fees is due and refundable in each of the following cases:
 - a. An enrollee is not accepted by the school;
 - b. If the course of instruction is discontinued by the school and this prevents the student from completing the course; or
 - c. If the student's enrollment was procured as a result of any misrepresentation in advertising, promotional materials of the school, or representations by

the owner or representatives of the school.

¹More simply, the refund is based on the precise number of hours the student has paid for, but not yet used, at the point of termination, up to the 75% completion mark, after which no refund is due. Form PS-1040R provides the precise calculation.

Refund Policy for Students Called to Active Military Service

A student of the school or college who withdraws from the school or college as a result of the student being called to active duty in a military service of the United States or the Texas National Guard may elect one of the following options for each program in which the student is enrolled:

1. If tuition and fees are collected in advance of the withdrawal, a pro rata refund of any tuition, fees, or other charges paid by the student for the program and a cancellation of any unpaid tuition, fees, or other charges owed by the student for the portion of the program the student does not complete following withdrawal;
2. A grade of incomplete with the designation “withdrawn-military” for the courses in the program, other than courses for which the student has previously received a grade on the student’s transcript, and the right to re-enroll in the program, or a substantially equivalent program if that program is no longer available, not later than the first anniversary of the date the student is discharged from active military duty without payment of additional tuition, fees, or other charges for the program other than any previously unpaid balance of the original tuition, fees, and charges for books for the program; or
3. The assignment of an appropriate final grade or credit for the courses in the program, but only if the instructor or instructors of the program determine that the student has:
 - a. satisfactorily completed at least 90 percent of the required coursework for the program; and
 - b. demonstrated sufficient mastery of the program material to receive credit for completing the program.

The payment of refunds will be totally completed such that the refund instrument has been negotiated or credited into the proper account(s) within 60 days after the effective date of termination.

Textbooks

The student will not be required to purchase instructional supplies, books, and tools until such time as these materials are required. Textbooks are available from the school bookstore; however, students are not required to purchase books from the school. If a student elects to purchase textbooks from the bookstore and have them charged to his or her account, the cost will be included as an institutional charge. In effect, the amount charged will be treated for purpose of refunds as additional tuition. Withdrawn students may return unused and unmarked textbooks to the bookstore for full credit.

Return of Title IV Funds Upon Withdrawal

Upon a student’s withdrawal or dismissal from college, the U.S. Department of Education

requires specific treatment of the Title IV program funds received by the student. These requirements are published in Chapter 34 of the Code of Federal Regulations, Section 668.22. The college is required to make refunds to the Title IV program funds according to these regulations regardless of amounts resulting from the college's tuition refund policy as described above.

These regulations allow the college to keep as "earned" the amount of Title IV aid that is equivalent to the amount of time the student has been in attendance, except during the first 30 days of a new student's first semester when the college is sometimes not permitted under regulations to disburse the student's Stafford loan. For example, if the student completed 30 percent of the payment period or period of enrollment, 30 percent of the assistance originally scheduled for receipt may be earned. Once the student has completed more than 60 percent of the payment period or period of enrollment, all the assistance that the student was scheduled to receive for that period may be earned. Title IV funds disbursed in excess of this amount must be returned by the college in the order noted below.

During the calculation of Title IV aid earned, the college will determine whether the student is due a post-withdrawal disbursement of federal aid. The college will make a determination as to whether the aid could have been disbursed under normal conditions and whether a post-withdrawal disbursement is necessary and appropriate. The amount of a post-withdrawal disbursement is determined by following the requirements for calculating earned Title IV aid and has no relationship to incurred educational costs. In addition, any post-withdrawal disbursement due to the student must meet the current required conditions for late disbursements. If the student is due a post-withdrawal disbursement of loan funds, the college will notify the student and offer those funds. If the student is due a post-withdrawal disbursement of grant funds, the grant funds will be applied to the student's account and the student will be notified.

If a student provides notice of withdrawal either verbally or in writing to the Director/Chief Academic Officer, the date on which the notice is given is the date of withdrawal. A student who has missed ten (10) consecutive days of class is considered to have withdrawn. If a student is absent from class for a period of 10 consecutive class days, excluding scheduled holidays or breaks, the date of withdrawal will be the first class day after the 10-day period of nonattendance.

In the event the college is prevented from retaining the student's planned financial aid to satisfy tuition and other charges, the student is directly responsible for paying those charges.

Order of Refund

Funds that must be returned to the federal government when a student is withdrawn, dismissed, or graduated will be applied in the following sequence to eliminate or reduce balances in the aid programs from which the student received funds during the period: (1) unsubsidized Federal Stafford loans, (2) subsidized Federal Stafford loans, (3) unsubsidized Direct Stafford loans, (4) subsidized Direct Stafford loans, (5) Federal Perkins loans, (6) Federal PLUS loans, (7) Direct PLUS loans, (8) Federal Pell Grants (for which a return is required), (9) Academic Competitiveness Grant (for which a return is required), (10) Federal Supplemental Educational Opportunity Grants (FSEOG) (for which a return is required), and (11) other assistance under Title IV for which a return is required. Any state or private aid programs will be refunded according to

the program requirements. Remaining credit balances will be refunded to the student. A refund which is designated for return to the student will not be made if there are unpaid charges owed to the college. Student balances that are not subject to Title IV refund regulations and are of an inconsequential amount will be written off. This includes debit and credit balances equal to or less than \$25.

TERMS OF PAYMENT

Tuition, textbook/supply charges, lab fees, and residence fees, if applicable, are due on the first day a student begins class each semester unless other prior arrangements have been made with the college. The college does not add any interest charges. Payments can be made by cash, check, money order, or credit card. Financial aid funds are applied to college costs in accordance with state and federal regulations. All financial obligations must be satisfied prior to graduation. If other financial arrangements have been made with the school, the student should ensure that the financial obligations have been met prior to graduation.

FINANCIAL AID

A variety of financial plans are available to assist qualified students in securing an education, regardless of financial status or family income level. These plans include a combination of student loans, grants, scholarships, and payment plans available for those who qualify. The variety of available plans affords flexibility in choosing the one best suited for a specific need. Vet Tech Institute of Houston offers individual financial planning sessions for each student and family beginning with the completion of the Free Application for Federal Student Aid. Information about these plans is available from the Financial Aid Office.

Financial aid is disbursed each semester and upon disbursement is credited directly to the student's account. Additionally, students will be notified in writing when federal student loans are disbursed. Other federal loan information, including the terms and conditions, is presented during planning and again during the entrance interview; it is also available at any time from the Admissions or Financial Aid Office.

In the unexpected circumstance that an associate degree program does not pass standards established by the U.S. Department of Education based on the amounts previous students have borrowed for enrollment in the program and their reported earnings, causing students who are then enrolled in the program to thus not be able to use federal Title IV aid to continue to pay for the program, Vet Tech Institute of Houston will continue to provide instruction in the program to allow those students to complete the program and will waive unpaid tuition, fees, and textbooks and supplies charges that were scheduled to be paid using federal Title IV aid lost.

Verification Policies and Procedures

To ensure that only eligible students receive Title IV aid, the government is randomly selecting applicants whose application information must be verified. The school will also exercise its option to verify additional student aid applicants not selected by the

government. The school will not make any disbursement of Title IV aid to any student that is selected for verification until all verification documentation is complete.

Time Frame: The school will notify students within 30 days of receipt of the applicable Institutional Student Information Record (ISIR), which is generally within two weeks of when the Free Application for Federal Student Aid (FAFSA) is submitted to the Department of Education, if verification is required. Students will be expected to submit all requested documentation within two weeks or no later than the start of the academic year. Students who do not meet this deadline will be given two weeks from the start date to supply the verification documentation. An extension may be granted beyond the two weeks when circumstances beyond the student's control prohibit him/her from submitting the required documentation. In no way, however, will an extension be granted beyond the date for a subsequent financial disbursement.

Consequences for not Submitting Proper Documentation Within the Proper Time Frame: If the student is unable to submit the required documentation within two weeks or no later than the start of the academic year, he/she may request an extension. If the student does not request an extension or at the end of the extension does not submit the required documentation, the Title IV aid awarded will be canceled. The student must then make new arrangements for paying all tuition and fee charges due to the school.

Notification of Verification Results: If no errors or discrepancies are found during the verification process, the student will be awarded the financial aid for which he/she is eligible. The disbursement of the aid will serve as notification to the student. If errors or discrepancies are found during the verification process, the student will be counseled on how to resolve the discrepancies or correct the errors.

Correction of Incorrect Information: If discrepancies are found in household size or number in postsecondary education, the student will be asked for additional proof of these items. If the independent status is questionable, the student will be asked for additional information to support his/her status. The school will assume the information on the individual's tax return to be correct. Corrections will be made on financial aid applications to reflect the information on the tax return. When applicable, the use of "tolerance" may be exercised. If there is a change in the award amount, or if tolerance may not be applied, the ISIR will be reprocessed. In no case will the school ever disburse on the original ISIR when resubmitting the ISIR would result in an increased award.

In the case of campus-based aid and Stafford loans, the school will follow the same procedures that it takes for Pell. When applicable, the expected family contribution is recalculated. If an overaward is determined, the aid will be decreased to an eligible amount, and the student and the lender will be notified of the change in the award amount.

FEDERAL DEFINITION OF A CREDIT HOUR FOR PURPOSES OF FINANCIAL AID

Federal regulations define a credit hour as an amount of work represented in intended

learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates not less than (1) one hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks for one semester hour of credit or the equivalent amount of work over a different amount of time or (2) at least an equivalent amount of work as required in (1) above for other academic activities as established by the institution, including laboratory work, externships, and other academic work leading to the award of credit hours.

SCHOLARSHIPS AND INSTITUTIONALLY-FUNDED GRANTS AND INSTALLMENT CONTRACTS

Vet Tech Institute of Houston awards up to twenty scholarships totaling up to \$20,000 per year based solely on the test scores of general knowledge examinations administered each January, April, and September at the Vet Tech Institute of Houston. Any high school senior or graduate can arrange to take the examination by contacting the Admissions Office at any time before an examination is administered. Vet Tech Institute of Houston announces before each examination the total scholarship amount available – usually \$6000 - \$8000 – and the number of students – usually those with the top five scores plus ties – among whom the scholarship awards will be allocated.

In addition to the above, scholarships are available through the Texas Association of Health Occupations Students of America. The Texas HOSA may award up to ten scholarships totaling up to \$13,000 to those outstanding HOSA members who place first to fifth in the April statewide and October regional veterinary science competitions. Instructions and application information may be found on the Texas Association of Health Occupations Students of America website (<http://texashosa.org/>). These scholarships can only be used toward a veterinary technology degree at Vet Tech Institute of Houston. Only high school seniors who are active members of HOSA are eligible, and only one scholarship can be used for enrollment.

Vet Tech Institute of Houston participates in the Student Education Assistance Foundation Grant Program (SEAF) through institutional funding of up to \$125,000. Needs-based grants may be provided to specific students in accordance with the program guidelines of the SEAF grant program.

Institutional installment contracts are available on a limited basis for students who have exhausted other possible means of financing. Institutional installment contract applications are accepted throughout the year. Installment contract amounts will vary depending upon financial need and may not exceed institutional charges. Installment contract recipients are required to make minimum monthly cash payments to offset institutional charges while in school. Monthly cash payments and interest charges begin following graduation or withdrawal.

STUDENT SERVICES

ADVISING

Counseling and advising are important services that are available to every student attending Vet Tech Institute of Houston. The Program Director and all members of the faculty assume responsibility for helping each student work toward the degree of success that he or she is capable of achieving. The Director/Chief Academic Officer is responsible for academic and basic personal advising. The Director/Chief Academic Officer guides the student through problems that may arise; for example, problems with schedules, grades, subject matter, or graduation requirements. Students with problems that require professional counseling will be referred to appropriate agencies. The Placement Department also advises in the areas of job interviewing and related placement activities. The Registrar and Director/Chief Academic Officer are available to help students having problems with transportation, day care, housing, and other personal problems. The Director of Financial Aid is available to assist student experiencing financial difficulties.

PLACEMENT

Graduates of all Vet Tech Institute of Houston programs are entitled to use the services of the Placement Department at no additional charge. The school cannot, of course, guarantee employment or placement in the student's field of study but can provide contacts and guidance during the placement process. Any employment that a student or graduate may obtain with the help of the school's placement department will most likely be at an entry-level position.

Students begin active job search preparation during their final months of training. They are taught to:

- Complete an employment application.
- Prepare a resume, cover letter, and thank you letter.
- Generate job leads effectively.
- Participate in the interviewing process.
- Communicate valuable skills to the employer during an interview.
- Function successfully as a professional.

Students nearing program completion meet with a placement representative to discuss job expectations, needs, and requirements as well as geographic preferences. This information is obtained in order to provide more personalized, effective placement assistance. Employers contact the placement department on a consistent basis to inquire about our graduates, and these job leads are supplied to the graduate pursuing employment.

Vet Tech Institute of Houston reserves the right to deny placement services to a graduate at any time if he or she is delinquent or in default on a student loan, if he or she owes a refund on any federal or state student financial aid program, or if his or her conduct is

significantly detrimental to the integrity of the institution. Examples of cause that could lead to forfeiture of placement privileges are failure to pass a drug test and conviction of criminal activity.

PERSONAL PROPERTY

Students are assigned lockers for personal property. Vet Tech Institute of Houston cannot be responsible for loss or damage to the personal property of students. Students are urged to provide adequate insurance through personal or family policies to cover such a loss in the event it does occur.

ACADEMIC INFORMATION

ATTENDANCE

Regular and prompt attendance in class and kennel duty is considered essential. Cultivation of desirable habits is just as important for many employers as the development of skills. Students should train themselves to be present and on time for all classes and assigned kennel duties. Development of this important habit while in school makes it considerably easier to satisfy the employer who demands regular and punctual attendance.

Absence or tardiness from class or kennel duty, regardless of reason, involves a loss to both the student and to other members of the class. The Vet Tech Institute of Houston policy is that students should attend and be on time for all classes and assigned kennel duties. Students also must follow the attendance policies in the current kennel manual. While it is recognized that certain reasons beyond the control of the student may make it impossible for him or her to attend or be on time for class or kennel duty, excessive absenteeism and/or tardiness may result in a lowered grade, suspension, or other administrative action.

Attendance Restriction

A student who accumulates absences equaling 10 percent of the classes scheduled will be placed on Attendance Restriction. A student may be on Attendance Restriction for no more than two 8-week segments. Any part of an 8-week segment is considered a full segment in determining the number of segments in which restriction occurs. The second Attendance Restriction is considered the final warning prior to dismissal for violation of the attendance policy.

When a student enters a period of Attendance Restriction, the Director/Chief Academic Officer will make a prompt effort to formally notify the student. Failure to notify, however, does not relieve the student of the consequences of additional absences that may occur after a restriction period is entered (after the day the 10 percent rate is reached).

Dismissal Procedures

A student who has missed ten (10) consecutive days of class or has missed 15 percent of the total clock hours of the program will be dismissed from school and is not eligible to appeal. However, the student may be permitted to reenter at a later date in accordance with the policy for readmission. Dismissal procedures will be initiated against a student who 1) still has an absence rate of 10 percent or more of scheduled classes after two 8-week segments of Attendance Restriction, 2) accumulates absences of 15 percent of his or her scheduled classes, or 3) is absent from 15 percent of the classes in a single 8-week segment. A student whose dismissal has been initiated for these three reasons may appeal if he or she wishes to remain enrolled.

Dismissal Appeal Procedures

An appeal of dismissal must be made to the Director/Chief Academic Officer in writing and include a detailed description of any mitigating circumstances the student wishes to have considered. The appeal must be made within three (3) class days of a student's having received a notification of dismissal if the notification was delivered on-site or

within a reasonable period of time (generally not to exceed five (5) class days) if the student was unavailable for on-site notification. If the appeal is successful, the student will continue to be enrolled in classes. If the appeal is not granted, the student will be dismissed. A student who has been dismissed for violation of the attendance policy may not reenter before the start of the next grading period.

Tardies/Makeup Work

Tardies are recorded for students who are absent for fifteen minutes or less of any class period. Students absent for more than fifteen minutes of a class period will not be admitted to the class and will be considered absent for that class period. Makeup work will be assigned on an individual basis if applicable. However, makeup work will not remove an absence.

DRESS CODE

Students are required to wear uniforms provided by the school. Students are expected to maintain the same high standards of appearance and grooming that are expected by employers. Vet Tech Institute of Houston is authorized to make decisions about acceptable dress and grooming standards.

STUDENT CONDUCT

Students at Vet Tech Institute of Houston are expected to conduct themselves as responsible adults. Expulsion, suspension, or some lesser sanction may be imposed for any of the following offenses: 1) interruption or any manner of interference with the normal operation of the school; 2) destruction, damage, or misuse of school equipment, facilities, or property; 3) illegal possession, use, or furnishing of alcoholic beverages while on campus or while involved in school-related activities; 4) illegal possession, use, or furnishing of drugs while on campus or while involved in school-related activities; 5) use, possession, or furnishing of weapons while on campus or while involved in school-related activities; 6) verbal, physical, sexual, or online assault that injures, causes serious emotional harm, or grievously demeans or threatens another person in the school community; 7) theft of another's property occurring on school premises; 8) participation in hazing; 9) academic cheating, plagiarism, or copyright infringement; 10) violation of policies in the current kennel manual that may endanger another person or animal in the school community; 11) stalking; 12) commission of other offenses that in the opinion of the administration may be contrary to the best interest of the school community.

Sanctions that may be imposed are 1) warning, 2) suspension, or 3) expulsion. In general, the school will issue warnings prior to dismissing a student for poor conduct. The school, however, may dismiss a student without warning if the offense is serious. Serious offenses may be any of those listed in the policy on conduct but are considered to be those that directly affect the physical well being of other persons in the school community. The Director/Chief Academic Officer will investigate all complaints of student misconduct and determine the appropriate sanction to be imposed. For matters involving possible sexual harassment or sexual violence, the Director/Chief Academic Officer, who is also the Title IX Coordinator, will ensure that the investigation complies with all Title IX requirements. A student who wishes to question any decision made by the Director/Chief Academic Officer may appeal in writing to the President of Bradford Schools, Incorporated, who will then render a final decision.

Conviction on a drug-related charge while enrolled and receiving financial aid may result in the loss of certain types of financial aid. Additionally, failure to obtain an externship because of inability to pass a drug test or termination for cause from externships may result in dismissal from the program, loss of time, loss of credit, and/or increased charges.

CLASS SIZE

Although class size will vary over a considerable range, lecture classes usually do not exceed 60 students. Laboratory classes usually do not exceed 26 students with a maximum of 30 students in laboratory classes.

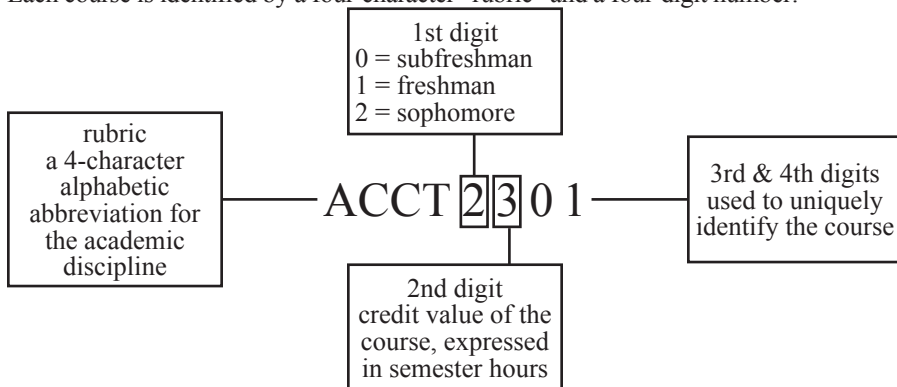

DEFINITION OF ACADEMIC CREDIT AND SEMESTER

A clock hour is equal to a minimum of 50 minutes of instruction. Credit for academic and financial aid purposes is measured in semester credit hours. A semester credit hour is equivalent to a minimum of 16 clock hours of lecture, 32 clock hours of laboratory where classroom theory is applied and explored or manipulative skills are enhanced, 48 clock hours of externship/practicum, or a combination of these three. This definition also assumes appropriate out-of-class learning activities to support the credit awarded for courses or portions of courses. Federal regulations for the allocation of student financial assistance establish an expectation of two hours of out-of-class work for each hour of lecture for which credit is awarded.

A semester is equal to 16 weeks of instruction, and a term is equal to 8 weeks of instruction.

COURSE NUMBERING SYSTEM

Vet Tech Institute of Houston uses an eight character scheme to assign course numbers. Each course is identified by a four-character “rubric” and a four-digit number:

The **rubric** is always four upper-case alphabetic characters.

The first digit of the **course number** denotes the academic level of the course; the second digit denotes the credit value of the course in semester hours; and the third and fourth digits establish course sequencing and/or distinguish the course from others of the same level, credit value, and rubric.

GRADING SYSTEM

<u>Letter Grade</u>	<u>Numerical Equivalent</u>	<u>Rating</u>	<u>Quality Points</u>
A	90-100	Excellent	4.0
B	80-89	Above Average	3.0
C	70-79	Average	2.0
D	60-69	Below Average	1.0
F	Below 60	Failing	0.0
I		Incomplete	
W		Withdrawal	
X		Credit by Transfer	
S		Waived by Substitution	

The grade point average (GPA) is calculated as follows:

1. For each course taken, multiply the number of quality points assigned to the grade earned by the number of credits assigned to the course.
2. Add all accumulated quality points.
3. Divide by the total number of credits the student has attempted.

Courses in which a student received a failing grade (F) are included in the total number of credit hours attempted when calculating the grade point average and the successful course completion percentage. Courses in which the student received an S or X are not used in computing the grade point average. Courses in which the student received an X are included in both the attempted and successfully completed hours when calculating the successful course completion percentage. A student who withdraws from a program receives a grade of W in all uncompleted courses. Courses given the grade of W are included in hours attempted when calculating successful course completion percentage but are not included in the total number of credit hours attempted when calculating the grade point average. Withdrawal from individual courses is not allowed.

GRADE REPORTS

Students receive a copy of their transcript every eight (8) weeks throughout the program. Permanent transcripts are maintained in the school office.

TRANSCRIPTS

Upon request, each student may receive one free copy of his or her transcript. Subsequent transcript copies will be provided at a fee of \$5 each. However, official transcripts will not be issued to a student who owes the school money, who is delinquent or in default on a student loan, or who owes a refund on any federal or state student financial aid program.

KENNEL DUTY

Vet Tech Institute of Houston maintains an on-site kennel housing dogs, cats, and rodents. An important part of the education provided by the Veterinary Technology program is learning the duties and responsibilities of animal care and sanitation. Therefore, kennel

duty is a vital part of that learning experience, and all veterinary technology students are assigned mandatory kennel duty. Kennel duties are performed before and after classes and on weekends. The number of weeks each student is assigned kennel duty depends on the number of in-house veterinary technology students.

STANDARDS OF SATISFACTORY ACADEMIC PROGRESS

Academic progress standards for students receiving federal financial assistance are the same as the standards for students enrolled in the same academic program who are not receiving assistance. All students, including those students not currently receiving any financial aid, will be evaluated.

Maximum Time Frame

Students are expected to complete graduation requirements within the normal completion time specified in the program description for the program in which they are enrolled. Under certain circumstances, however, the student may require more than the normal completion time to fulfill graduation requirements. The maximum time frame in which a student must complete his or her program is 150 percent of the published length of the program as measured in credit hours to complete the program. To determine the maximum time frame, multiply the published credit hours needed to graduate from the program of study by 1.5 (150 percent). For example, the number of credit hours it should take to complete the Veterinary Technology A.A.S. Degree program is 71 credits or 79 credits using the TWC credit-hour formula. Using that number, 150 percent would equal 106 credit hours or 118 credit hours using the TWC formula, which would be the maximum number of credits for which a student could receive financial aid. Transfer credits that apply toward the student's program will be counted toward the maximum time frame.

A student who changes programs is still responsible for maintaining satisfactory academic progress in accordance with the standard above. All courses the student attempts count toward the 150 percent time frame requirement. A student who returns to the institution to pursue a second credential will have his or her maximum time frame established at 150 percent of the normal length of the second program minus the courses applicable from the first program of study and any other documented transfer credits that are counted toward the second program of study.

Satisfactory Progress Measurements

All students must progress satisfactorily toward meeting graduation requirements. The academic progress of each student will be reviewed following each half-semester term of his or her program. A student's progress toward graduation is considered satisfactory if the student is within the maximum time frame and the following minimum requirements are met.

Minimum Grade Point Average (GPA)/Minimum Successful Course Completion Percentage:

	<u>Cumulative GPA</u>	<u>Successful Course Completion</u>
Semester 1 Term 1	1.5	25 percent
Semester 1 Term 2	2.0	25 percent
Semester 2 Term 1	2.0	33 percent
Semester 2 Term 2	2.0	33 percent
Semester 3 Term 1	2.0	50 percent
Semester 3 Term 2	2.0	67 percent
Semester 4 Term 1	2.0	67 percent

Semester 4 Term 2	2.0	67 percent
End of each remaining term to program completion	2.0	67 percent

The cumulative grade point average will include all grades earned at Vet Tech Institute of Houston. The successful course completion percentage is calculated by dividing the cumulative number of hours the student has successfully completed by the cumulative number of hours the student has attempted.

Additional Successful Course Completion Requirements:

Students are expected to successfully complete all courses attempted. If a student fails a course that is a prerequisite for another course in the program, the student will be required to:

1. Withdraw from the program. A later restart may be permitted under the policy for reentry, provided the student was otherwise making satisfactory academic progress.
or
2. Change to a like program with a later start date such that the student will be able to retake the prerequisite course and the remainder of the required courses with that program cohort.

No matter which of the two options above a student elects, the student will be permitted this option only once. A second failure of a prerequisite course in any program will cause dismissal.

If a student fails a course that is not a prerequisite for another course in the program, circumstances may occur where a student could continue in the program and repeat the course at a later date provided that the maximum time frame would permit. A student will be allowed to fail and repeat only one nonprerequisite course.

At the end of each term, Vet Tech Institute of Houston will evaluate satisfactory progress. A student who does not meet the maximum time frame, the minimum grade point average for standard progress, or the successful course completion requirements will be dismissed and is no longer eligible to receive assistance under the Title IV, HEA programs, if applicable. Students may appeal a decision to dismiss and to have financial aid reinstated, if applicable, by following the appeal procedure outlined below.

Treatment of Failures, Incompletes, Withdrawals, Transfer Credits, and Course Repetitions

Credits for courses in which a student received an F (failing grade) are included in the total number of credits attempted when calculating the grade point average. Credits for courses in which a student received an F (failing grade) or an I (incomplete) are included in the total number of credits attempted but are not counted as successfully completed when calculating the successful course completion percentage.

A student who withdraws from a program receives a grade of W (withdrawal) in all uncompleted courses. Courses given the grade of W are included in credits attempted but not successfully completed when calculating the successful course completion percentage. They are not included in the total number of credit hours attempted when calculating the grade point average.

Credits for courses in which the student received an X (transfer credit) are not used in computing the grade point average. Transfer credits that are accepted toward a student's program are included in both the attempted and successfully completed hours when calculating the successful course completion percentage.

In the case of repeated courses, credits and grades for both courses are included when computing the cumulative grade point average. Credit hours for both courses are included when calculating the successful course completion percentage and count toward the maximum timeframe.

In summary, courses with grades of F, I, W, and X as well as both original and repeated courses count toward the maximum time frame and are included in the successful course completion percentage calculation. Courses with grades of F as well as repeated courses are included when computing the cumulative grade point average; courses with grades of I, W, and X are not. Vet Tech Institute of Houston does not offer noncredit remedial courses.

Appeal Process and Reinstatement of Financial Aid Eligibility

A student has the right to appeal a determination that he or she is not making satisfactory progress. The appeal must be in writing and should be submitted to the Director/Chief Academic Officer within three (3) class days when the student is notified on site or within a reasonable time (not generally to exceed five [5] class days) when the student must be notified off-site.

An appeal may be considered in cases involving mitigating circumstances. Examples of mitigating circumstances include personal illness, injury, or accident; serious illness or death of a parent, guardian, spouse, or child; and other special circumstances. The student is required to submit information regarding why s/he failed to make satisfactory academic progress and what has changed in the student's situation that would allow the student to demonstrate satisfactory academic progress at the next evaluation. The circumstances in the appeal must be fully documented.

If there is a finding that the mitigating circumstances are in fact the primary reason for the student's failure to make standard progress and if it is determined that the student can reasonably be expected to meet the requirements for standard progress at the end of the next term or if the college and the student have developed an academic plan that, if followed, will ensure that the student is able to meet satisfactory academic progress standards by a specific point in time, then the student may be placed on probation and financial aid may be reinstated, if applicable. Otherwise, the student will be dismissed. Under certain circumstances the student may be allowed to restart at a later time; however, the maximum time frame constraints would have to be met. The Director/Chief Academic Officer will notify the student of the results of the evaluation of the appeal.

A student may appeal a determination of unsatisfactory progress as many times as he or she wishes; however, a positive finding of mitigating circumstances over more than two terms is not possible. A student who has appealed a determination that s/he is not meeting satisfactory academic progress and who is attending his or her program under an approved academic plan remains eligible for Title IV aid as long as s/he continues to meet the conditions of the plan. The student is not considered to be on probation status,

provided s/he is otherwise making satisfactory progress under the academic plan.

Probation

A student who successfully appeals a determination of unsatisfactory progress will be placed on probation. Probation is for the 8-week period following the term when the reported grades resulted in a determination of unsatisfactory academic progress. If receiving financial aid, a student on probation will be eligible to receive any financial aid due to him or her for one payment period. The student's record will be reviewed at the end of the probation period. If the student's grade point average and successful course completion percentage following the probation period still do not meet the standard satisfactory progress requirements or if the student has not met the requirements of the academic plan developed by the college and the student, the student is not making satisfactory progress and will be dismissed and does not qualify for further Title IV, HEA program funds. The student may appeal this decision after each finding of dismissal. The number of terms during which a student may remain on probation is limited to two terms.

Course Repetitions

Students should discuss course repetitions with the Director/Chief Academic Officer. Students should be aware that course offerings depend on time of year and level of student enrollment. Therefore, not all courses are offered during every term. The student's grade earned in the repeated course work as well as the student's original grade would be included when computing the cumulative grade point average. Both courses are included when calculating the successful course completion percentage and count toward the maximum timeframe. There may be an additional tuition charge. Students are limited in Title IV assistance to just one repetition of a previously passed course. However, the student is not eligible for Title IV assistance if the student previously passed the course and is repeating the course because of other failed coursework. Veterans Administration benefits are not payable for repeating courses that, based upon school standards, have previously been successfully completed.

Extensions

A student may receive an extension to submit work if the student has been absent during the last week of a course. The extension will be based on the number of days the student was absent in the last week of the course according to the following scale:

1-2 absences:	1 day
3-4 absences:	2 days
5 absences:	3 days

Incomplete Grades

An incomplete (I) grade may be issued to a student who is passing a course but who has not successfully demonstrated the required number of skills competencies or, in the case of an externship, has completed less than 100 percent but a minimum of 75 percent of the required hours, generally because of some extenuating circumstance. The student will be allowed up to four (4) weeks to complete the course work. When the course work is completed, a grade will be issued for the course. If the work is not completed during the allotted time, the incomplete (I) will revert to an "F."

If the incomplete prevents a student from meeting graduation requirements, the student will be eligible for placement services if he or she desires. If the incomplete is not resolved within the allotted time period, however, the student will forfeit the future use of the school's placement service and will not be issued a diploma.

WITHDRAWAL

Students who find it necessary to withdraw from a program should have a preliminary interview with the Director/Chief Academic Officer. The student is also required to have an exit interview with the Director of Financial Aid.

If a student provides notice of withdrawal either verbally or in writing to the Director/Chief Academic Officer, the date on which the notice is given is the date of withdrawal. If a student provides notice of withdrawal either verbally or in writing within the first 6 class days of a term (drop period), the end date of the previous term will be considered the last date of attendance. If a student withdraws by the second Friday of a student's first semester in a program (first semester drop period), the student will be considered not to have enrolled in the program.

A student who has missed ten (10) consecutive days of class is considered to have withdrawn. If a student is absent from class for a period of 10 consecutive class days, excluding scheduled holidays or breaks, the date of withdrawal will be the first class day after the 10-day period of nonattendance.

DISMISSAL

A student could be dismissed by the school for any of the following reasons:

1. Academic Failure of course work that would preclude graduation.
2. Attendance Excessive absences as stated in the Attendance policy.
3. Misconduct Behavior unbecoming of a professional businessperson or offenses listed in the Student Conduct section.
4. Financial Failure to meet obligations outlined in the student's financial plan.

Students dismissed for attendance reasons are ineligible for appeal except as noted under the attendance policy. A student who is dismissed for academic, misconduct, or financial reasons may appeal to the Director/Chief Academic Officer who will make the final determination.

READMISSION

Readmission to Vet Tech Institute of Houston following dismissal or withdrawal will be at the discretion of the school. Students wishing to reenter must contact the Director/Chief Academic Officer. Students may not reenter before the start of the next grading period.

A student cannot reenter the school if he or she 1) has a loan in default or 2) was dismissed for a violation of the conduct policy. A student who was dismissed for failure to make satisfactory academic progress will not be allowed to reenter except under the circumstance where the student has failed a prerequisite course and must withdraw. A

student who is allowed to reenter following failure of a prerequisite course will reenter on academic probation.

Except as discussed below, reentering students will be charged the tuition in effect upon reentry and will be required to meet current graduation requirements for the program in which they enroll. Following dismissal or withdrawal for nonmilitary reasons, a student may seek readmission only two times.

However, if the withdrawal was due to being called to active military duty, a student who notifies the school of his/her intent to return to the school within three years after the completion of the period of service will be readmitted with the same academic status as at the time of withdrawal. The student will be required to meet current graduation requirements for the program in which s/he enrolls. If the student is readmitted to the same program, the student will be charged the tuition and fee charges that s/he would have been charged for the academic year during which s/he left the school. If the student is admitted to a different program, the student will be charged the tuition in effect upon reentry.

Students who have withdrawn as a result of being called to active military duty and who have elected to receive a grade(s) of incomplete with the designation “withdrawn-military” should refer to the Refund Policy for Students Called to Active Military Service in the Refund Policies section of this catalog for information regarding their charges. When the refund policy determines that a student has changed programs or is returning to a program in which he/she was previously enrolled, additional tuition charges resulting from the refund policy may be waived in certain circumstances by the Director/Chief Academic Officer.

CREDIT TRANSFER FROM ANOTHER SCHOOL

Transcripts of work completed at institutions that are either accredited by agencies recognized by the United States Department of Education or recognized by their respective government as institutions of higher education, for internationally-based institutions, may be submitted to the Director/Chief Academic Officer for review. Transcripts should be submitted during the first term of a student’s program. Foreign transcripts of students seeking admission must be evaluated by a member of the Association of International Credentials Evaluators (AICE), the American Association of Collegiate Registrars and Admissions Officers (AACRAO), or the National Association of Credential Evaluation Services (NACES) to validate equivalency with graduation from high school and eligibility to enter a college or university in the United States. Other documentation may also be required.

Credits considered for transfer are evaluated by the Director/Chief Academic Officer to determine if the course work is similar in nature, content, and level to that required at Vet Tech Institute of Houston. If the course work is comparable, transfer students may be given credit for courses completed at other accredited colleges provided the grades received for the courses were “C” or better. However, in the case where a program has been separately accredited by a specialized accreditor and that accreditor requires the credential-granting institution to certify student competency in specified skill areas, course work will not

be evaluated and transfer credits will not be awarded for any courses that contain skill evaluations and certification. Courses completed at other Bradford schools will be treated the same as courses taken at Vet Tech Institute of Houston. Because programs at Vet Tech Institute of Houston are specially tailored to career preparation, course credits from other postsecondary schools may not be transferable.

Credit is not granted for advanced placement or experiential learning. One exception is credit for military training that has been evaluated and recommended for credit by the American Council on Education (ACE). Vet Tech Institute of Houston may award credit based on these recommendations when the credit is for courses similar in nature, content, and level to that required at the college. Students seeking credit for military training should provide a transcript from the American Council on Education for evaluation. Credit will be treated as transfer credit and will count toward graduation.

CREDIT TRANSFER TO ANOTHER SCHOOL

The acceptance of credits is always at the discretion of the institution to which a student is attempting to transfer credits. There may be articulation agreements in place at the time the student enters that may not be in place when the student graduates or desires to attend a particular school. Courses completed at other Bradford schools will be treated the same as courses taken at Vet Tech Institute of Houston. Because programs at Vet Tech Institute of Houston are specifically tailored to career preparation, course credits from other postsecondary schools may not be transferable. At a minimum, 25 percent of the credits required for graduation must be completed at the school. Neither Vet Tech Institute of Houston nor any of its employees can represent that another institution will accept any courses for credit.

A student who is interested in attempting to transfer credits to another institution should contact the Director/Chief Academic Officer. Vet Tech Institute of Houston will supply the necessary documentation that may aid the student in receiving credits for the completed course work provided the student does not owe the school money, is not delinquent or in default on a student loan, or does not owe a refund on any federal or state student financial aid program.

DISABILITY SUPPORT SERVICES

Vet Tech Institute of Houston is committed to providing equal access to the college's academic programs and services to qualified individuals with disabilities through reasonable accommodation. Students who believe they are in need of accommodations should contact the designated Section 504 coordinator, who is the Director/Chief Academic Officer identified in the Administration, Faculty, and Staff section of this catalog, by phone at 713-629-1500 or by mail or in person at 4669 Southwest Freeway, Suite 100, Houston, Texas 77027. The student should provide the designated Section 504 coordinator with a current comprehensive evaluation of a specific disability from a qualified diagnostician that identifies the type of disability and lists recommended accommodations. All documentation will be reviewed by the designated Section 504 coordinator in a timely manner, and appropriate reasonable accommodations will be provided based on the individual student's needs.

SAMPLE CLASS SCHEDULE (MONDAY THROUGH FRIDAY)

Weeks	8	17	24	32	40	48
Mon. – Fri. 7:15AM–8:30AM	VTHT 1200 Animal Behavior	VTHT 1202 Veterinary Lab Procedures	VTHT 1491 Special Topics: Small Animal Medicine	VTHT 1491 (continued)	VTHT 2213 Lab Animal Clinical Management	VTHT 1349 Veterinary Pharmacology

Mon – Fri: 1:25PM—2:40 PM	SPCH 1311 Speech Communication			

Approved and Regulated by the Texas Workforce Commission, Career Schools and Colleges Department, Austin, Texas, and the Texas Higher Education Coordinating Board, Austin, Texas.

Classes generally are scheduled in 75-minute periods Monday through Friday between 7 a.m. and 4 p.m. Individual class schedules will vary according to the student's cohort. In the event of unscheduled school closings due to weather or other events, make-up classes may be scheduled on Saturdays, holidays, or during evening hours and may result in an extended semester.

A regularly enrolled student is required to attempt the number of classes normally scheduled for a program, usually 4 or the equivalent, for the length of the program. Students will not be permitted to attempt less than the normal load for the program in which they are enrolled except when the student has changed programs or is returning to a program in which he/she was previously enrolled.

GRADUATION REQUIREMENTS

To be eligible for graduation, students in all programs must:

1. Pass all courses in the program.
2. Attain an overall 2.0 grade point average when averaging all courses taken.
3. Complete all essential skills and have documentation as required by the CVTEA.
4. Satisfy all financial obligations.

Upon fulfillment of these graduation requirements, the student will be issued the degree indicating satisfactory completion of all program requirements.

GRADUATION AND TRANSFER-OUT RATES

To comply with federal regulatory requirements, Vet Tech Institute of Houston is required to disseminate its graduation and transfer-out rates to enrolled students and, upon request, to prospective students. A new rate is calculated by each January 1 and is available for review in the Director/Chief Academic Officer's office.

HONORS

Alpha Beta Kappa National Honor Graduate: Awarded to students achieving a 3.75 or greater cumulative grade point average with no more than 5 hours absent.

Perfect Attendance Award: Awarded to students who have not been tardy or absent in any class during their program.

Veterinary Technician Award: Awarded to veterinary technology students achieving an overall grade point average of no less than 3.5 and missing no more than 5 percent of the total program hours.

GRIEVANCE PROCEDURE

If a student has a problem regarding a specific course, instructor, or decision, the student should first appeal to the instructor or staff member involved.

If the problem is not resolved and the problem involves an academic matter, the student should request a meeting with the Director/Chief Academic Officer. If the problem is not

resolved and the problem is not an academic matter, the student should request a meeting with the appropriate department director.

A student who has a grievance or wishes to appeal decisions by directors should submit the grievance or appeal in writing to the President of Bradford Schools, Inc. The school will endeavor to resolve the grievance in a prompt and equitable manner.

Any grievance not resolved through this procedure can be directed to either or all of the following: Texas Workforce Commission, Career Schools and Colleges Department, 101 East 15th Street, Austin, Texas 78778-0001; Texas Higher Education Coordinating Board, Community and Technical Colleges Division, 1200 East Anderson Lane, Suite 3.155, Austin, TX 78751; Accrediting Council for Independent Colleges and Schools, 750 First Street, N.E., Suite 980, Washington, DC 20002-4223.

NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records.

These rights are:

1. The right to inspect and review the student's education records within 45 days of the day Vet Tech Institute of Houston receives a request for access. Students should submit to the registrar, dean, or head of the academic department written requests that identify the record(s) they wish to inspect. The Vet Tech Institute of Houston official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Vet Tech Institute of Houston official to whom the request was submitted, that official should advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading. Students may ask Vet Tech Institute of Houston to amend a record that they believe is inaccurate or misleading. They should write the Vet Tech Institute of Houston official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If Vet Tech Institute of Houston decides not to amend the record as requested by the student, Vet Tech Institute of Houston will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosures without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is defined as a person employed by Vet Tech Institute of Houston in an administrative, supervisory, academic, or support staff position (including law enforcement unit and health staff); a person or company with whom Vet Tech Institute of Houston has contracted (such as an attorney, auditor, or collection

agent); a person serving on the Board of Directors; or a person assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Directory information may be released without a student's prior consent; this information is limited to student name, date admitted, mailing address and telephone number, local address and telephone number, e-mail address, semesters of attendance, major, specialization, enrollment status, full- or part-time status, degree sought, honors and awards, and degrees and dates received.

Students have the right to withhold the release of information designated as "directory information" by submitting to Vet Tech Institute of Houston, not later than 14 days after the beginning of a term, a request written and signed that "directory information" not be released. This request is effective until revoked in writing by the eligible student to the same office.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Vet Tech Institute of Houston to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, DC 20202-5901

CAMPUS ANNUAL SECURITY REPORT

Vet Tech Institute of Houston strives to provide a safe environment for our students' learning experience. We have located our facility in a typical business setting, and trespassing laws are enforced on our premises. Also, security systems are utilized during hours in which the school is closed. If, however, a crime is committed on our premises, school personnel and building management personnel are available to assist students and staff.

How to Report Criminal Actions or Other Emergencies

If a student or other campus member is the victim of a crime, believes s/he sees a crime being committed, or becomes aware of any other emergency, the individual should report it in a timely manner to a Campus Security Authority. Campus Security Authorities at Vet Tech Institute of Houston include the Director/Chief Academic Officer, directors, program director, and the registrar. All incidents are reported to the Registrar, who is responsible for collecting crime reports for inclusion in the annual crime statistics report.

If the situation involved dating violence, domestic violence, sexual assault, or stalking, there is a separate section later in this policy that discusses the reporting obligations of Campus Security Authorities and the reporting obligations of Responsible Employees. The difference is important because some Campus Security Authorities, specifically the Director/Chief Academic Office and the directors, are also considered Responsible Employees. Vet Tech Institute of Houston does

not employ any professional, licensed counselors who are not required to report information about criminal offenses about which they are informed.

Students and employees are directed to call 911 to reach the city police or fire department should an emergency arise when a school official is not available.

Campus Safety Procedures and Crime Prevention Programs

Procedures for reporting criminal actions or other emergencies are reviewed with students during orientation. Orientation is typically held one week before the start of classes. Additionally, during the course of their program, guests are invited to speak to students and employees on safety procedures, such as self-protection, including prevention of sex offenses. These seminars are provided for all students and employees. Handouts provided by the guest speakers regarding personal safety and crime prevention are distributed to all students and staff.

Timely Warning Reports

The college administration will provide students, faculty, and staff with timely warnings of reported crimes and other events that are considered to be a serious or ongoing threat to the safety of students and employees. These warnings include a description of the crime and the time, date, and location of the occurrence in a manner that withholds the names of victims as confidential. The warnings are posted on campus bulletin boards and other appropriate areas. If campus bulletin boards are not timely enough, the campus community will be notified by a more urgent means as deemed appropriate for the situation.

Security and Access to Campus Facilities

During business hours, the administration and classroom building is open to students, parents, employees, applicants, and other individuals who have a legitimate purpose for being on campus. Security systems are utilized during hours in which the college is closed. The Director/Chief Academic Officer has assigned security alarm codes to faculty and staff if they need access to the building after hours. Students who have husbandry duty have a security alarm code for access to the basement only where the animals are housed. Vet Tech Institute of Houston does not provide residential facilities for students on campus.

Safety and security issues are considered and implemented in the maintenance of all campus lighting, shrubbery, and other areas that could affect the safety of individuals on campus. Safety and security maintenance requests receive priority treatment over nonsafety and nonemergency requests.

Authority of Campus Security Personnel

Vet Tech Institute of Houston does not have a campus police or security department.

Crime Statistics

The following is a summary of the crimes that were committed and reported on our campus and on public property within the campus or immediately adjacent to and accessible from the campus during the periods indicated.

<u>Category</u>	<u>Location</u>	<u>2014</u>	<u>2015</u>	<u>2016</u>

Hate Crimes: Hate crimes are criminal offenses committed against a person or property that are motivated, in whole or in part, by the offender's bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their actual or perceived race, gender identity, religion, disability, sexual orientation, ethnicity, or national origin. Included in these statistics are hate crimes of murder and non-negligent manslaughter, negligent manslaughter, rape, fondling, incest, statutory rape, robbery, aggravated assault, burglary, motor vehicle theft, arson, larceny-theft, simple assault, intimidation, and destruction/damage/vandalism of property. For the years 2014, 2015, and 2016 there were no reported hate crimes at any of the above-listed geographic locations.

Caveat: Vet Tech Institute of Houston has no residential facilities for students on campus, it does not recognize any off-campus locations of student organizations, nor does it have any noncampus buildings or property associated with it.

Disclosures to Alleged Victims

Vet Tech Institute of Houston will, upon written request, disclose to the alleged victim of a crime of violence or a non-forcible sex offense the results of any disciplinary hearing conducted by the college against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the college will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

Policy for Preparing the Annual Disclosure of Crime Statistics

Campus crime, arrest, and referral statistics include those reported to campus officials and local law enforcement agencies. The report includes crimes that have occurred on campus and on public property within or adjacent to the campus. The Registrar is responsible for collecting all crime reports and preparing the annual crime statistics disclosure to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act.

Policy on Alcoholic Beverages and Illegal Drugs

Expulsion, suspension, or some lesser sanction may be imposed for the use, possession, or furnishing of alcoholic beverages or illegal drugs while on campus or while involved in school-related activities. Please refer to the Vet Tech Institute of Houston Drug Prevention Program for the full details. The Vet Tech Institute of Houston campus is designated as drug-free, and the consumption of alcohol is not permitted in any circumstances, even by students who are of legal age to purchase alcohol. The college will support local law enforcement agencies in the enforcement of underage drinking laws and federal and state drug laws. Individuals who, in good faith, report incidents of dating violence, domestic violence, stalking, or sexual assault will not be subject to code of conduct action for violations of drug or alcohol policies occurring at or near the time of the alleged incident.

Policy on Dating Violence, Domestic Violence, Sexual Assault, and Stalking

Vet Tech Institute of Houston prohibits the offenses of dating violence, domestic violence, sexual assault, and stalking. For the purpose of reporting crime statistics in this Campus Security report, the following federal definitions of dating violence, domestic violence, sexual assault, and stalking are used.

Dating violence is violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

Domestic violence is a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Sexual assault is an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting program. Rape is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object or oral penetration by a sex organ of another person without the consent of the victim. Fondling is defined as the touching of the private body parts of another person for the purpose of sexual gratification without the consent of the victim, including instances where the victim

is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity. Incest is defined as sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law. Statutory rape is sexual intercourse with a person who is under the statutory age of consent.

Stalking is engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others or to suffer substantial emotional distress.

Corresponding definitions for these crimes in the state of Texas are as follows:

Dating violence means an act, other than a defensive measure to protect oneself, by an actor that is committed against a victim with whom the actor has or has had a dating relationship or because of the victim's marriage to or dating relationship with an individual with whom the actor is or has been in a dating relationship or marriage and is intended to result in physical harm, bodily injury, assault, or sexual assault or that is a threat that reasonably places the victim in fear of imminent physical harm, bodily injury, assault, or sexual assault. For purposes of this title, "dating relationship" means a relationship between individuals who have or have had a continuing relationship of a romantic or intimate nature. The existence of such a relationship shall be determined based on consideration of the length of the relationship, the nature of the relationship, and the frequency and type of interaction between the persons involved in the relationship. A casual acquaintanceship or ordinary fraternization in a business or social context does not constitute a "dating relationship."

Family violence means an act by a member of a family or household against another member of the family or household that is intended to result in physical harm, bodily injury, assault, or sexual assault or that is a threat that reasonably places the member in fear of imminent physical harm, bodily injury, assault, or sexual assault, but does not include defensive measures to protect oneself; abuse by a member of a family or household toward a child of the family or household; or dating violence, as that term is defined above.

A person commits sexual assault if the person:

1. Intentionally or knowingly:
 - a. Causes the penetration of the anus or sexual organ of another person by any means, without that person's consent;
 - b. Causes the penetration of the mouth of another person by the sexual organ of the actor, without that person's consent; or
 - c. Causes the sexual organ of another person, without that person's consent, to contact or penetrate the mouth, anus, or sexual organ of another person, including the actor; or
2. Intentionally or knowingly:
 - a. Causes the penetration of the anus or sexual organ of a child by any means;
 - b. Causes the penetration of the mouth of a child by the sexual organ of the actor;
 - c. Causes the sexual organ of a child to contact or penetrate the mouth, anus, or sexual organ of another person, including the actor;
 - d. Causes the anus of a child to contact the mouth, anus, or sexual organ of another person, including the actor; or

- e. Causes the mouth of a child to contact the anus or sexual organ of another person, including the actor.

A sexual assault is without the consent of the other person if:

1. The actor compels the other person to submit or participate by the use of physical force or violence;
2. The actor compels the other person to submit or participate by threatening to use force or violence against the other person, and the other person believes that the actor has the present ability to execute the threat;
3. The other person has not consented and the actor knows the other person is unconscious or physically unable to resist;
4. The actor knows that as a result of mental disease or defect the other person is at the time of the sexual assault incapable either of appraising the nature of the act or of resisting it;
5. The other person has not consented and the actor knows the other person is unaware that the sexual assault is occurring;
6. The actor has intentionally impaired the other person's power to appraise or control the other person's conduct by administering any substance without the other person's knowledge;
7. The actor compels the other person to submit or participate by threatening to use force or violence against any person and the other person believes that the actor has the ability to execute the threat;
8. The actor is a public servant who coerces the other person to submit or participate;
9. The actor is a mental health services provider or a health care services provider who causes the other person, who is a patient or former patient of the actor, to submit or participate by exploiting the other person's emotional dependency on the actor;
10. The actor is a clergyman who causes the other person to submit or participate by exploiting the other person's emotional dependency on the clergyman in the clergyman's professional character as spiritual adviser; or
11. The actor is an employee of a facility where the other person is a resident, unless the employee and resident are formally or informally married to each other.

A person commits a stalking offense if the person, on more than one occasion and pursuant to the same scheme or course of conduct that is directed specifically at another person, knowingly engages in conduct that:

1. The actor knows or reasonably believes the other person will regard as threatening:
 - a. Bodily injury or death for the other person;
 - b. Bodily injury or death for a member of the other person's family or household or for an individual with whom the other person has a dating relationship; or
 - c. That an offense will be committed against the other person's property;
2. Causes the other person, a member of the other person's family or household, or an individual with whom the other person has a dating relationship to be placed in fear of bodily injury or death or fear that an offense will be committed against

the other person's property; and

3. Would cause a reasonable person to fear
 - a. Bodily injury or death for himself or herself;
 - b. Bodily injury or death for a member of the person's family or household or for an individual with whom the person has a dating relationship; or
 - c. That an offense will be committed against the person's property.

Vet Tech Institute of Houston sponsors educational programs to prevent and promote the awareness of rape, acquaintance rape, dating violence, domestic violence, sexual assault, and stalking. Primary prevention and awareness programs are presented for incoming students and new employees. Programs include interactive presentations from law enforcement officers who understand the nuances of a college setting. Ongoing prevention and awareness campaigns are also offered for continuing students and employees. They focus on topics such as how to recognize and prevent dating and domestic violence and what to do if one is a victim of stalking or sexual assault. These programs are offered and conducted by the Houston Police Department. Information on registered sex offenders can be obtained from the Texas Department of Public Safety by calling (512) 424-2000 or on the worldwide web at <http://records.txdps.state.tx.us>.

One of the most effective methods of preventing sexual assault is bystander intervention. Bystander intervention refers to safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene in situations of potential harm when there is a risk of domestic violence, dating violence, sexual assault, or stalking. There are a variety of ways to intervene. Some of them are direct, and some of them are less obvious to the perpetrator. Options include:

- Stepping in and asking if the person needs help.
- Getting support from people around you if you witness sexual violence. You do not have to act alone.
- Distracting the perpetrator so there's time to intervene.
- Being respectful, direct, and honest when intervening.
- Taking steps to curb someone's use of alcohol before problems occur.
- Calling 911 when the situation warrants.

Common sense, situational awareness, and trusting your instincts will reduce the risk of sexual assault. The tips below may help decrease the potential chance of sexual assault:

- If you consume alcohol, do so in moderation. Know your alcohol limits.
- Do not leave your beverage unattended; take your drink to the restroom with you. Never drink a beverage that has been given to you by someone else or taken from a communal alcohol source, like a punch bowl.
- If you go on a date with someone you do not know very well, tell a close friend what your plans are.
- Make sure your cell phone is with you and charged and that you have extra money to get home. Have a plan for someone you can call if you need help.
- If you get a bad feeling about a location or a person, leave the situation immediately and go to a safe place.
- When you go to a party, go with a group of friends. Arrive together, watch out for each

other, and leave together.

- Be alert and aware of your surroundings at all times.
- Don't be afraid to ask for help in situations where you feel unsafe.
- Travel, walk, or park in well-lighted areas after dark and with a friend whenever possible.
- Keep the doors to your home, residence room, and car locked.

Procedures for reporting incidents of dating violence, domestic violence, sexual assault, and stalking are the same as for any other crime. If a student or employee is the victim of a dating violence, domestic violence, sexual assault, or stalking offense, the individual should report the offense in a timely manner to a school official either in person or by phone at (713) 629-1500. The student has the option to report to either a Title IX Responsible Employee or a Campus Security Authority.

Responsible Employees are the employees listed under Administration in the Administration, Faculty, and Staff section of this catalog. Responsible Employees are required by law to report all known details regarding alleged incidents of sexual harassment, discrimination, or sexual assault to the Title IX Coordinator. This includes the names of the alleged perpetrator and the name of the student/employee who experienced the alleged violence. If a victim discloses an incident but wishes to maintain confidentiality or requests that no investigation into a particular incident be conducted or disciplinary action taken, the college will weigh that request against the college's obligation to provide a safe, nondiscriminatory environment for all students and employees, including the victim.

Campus Security Authorities include the program director and the registrar as well as the administration. Campus Security Authorities, other than those who also serve as Responsible Employees, are required to submit a report for statistical purposes, but their report can be submitted without identifying the victim.

Reports of dating violence, domestic violence, sexual assault, and stalking will be handled with discretion, dignity, and confidentiality. Personally identifiable information about the victim will only be shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant. Reports are kept in a secure location. The crime statistics included in the Annual Security Report do not include any information that would identify the victim or the person accused of committing the crime. Neither the name of the victim, specific housing information, nor any other information that would serve to identify any individual will be published in the crime log. The school will maintain as confidential any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the school to provide the accommodations or protective measures.

If the victim wishes to notify the proper law enforcement authorities, school officials are available and willing to assist. It is important for the victim to preserve evidence for proof of a criminal dating violence, domestic violence, sexual assault, or stalking offense or for obtaining a protection order. If the victim elects to notify authorities, it is important that the offense be reported immediately. The victim may decline to notify such authorities.

When a student or employee of the school reports to the institution that s/he was a victim of dating violence, domestic violence, sexual assault, or stalking, the victim will be provided with a written explanation of his/her rights and options, whether the offense

occurred on campus or off campus. The Financial Aid office is available on campus to provide student victims with financial aid-related services and information. A written listing of off-campus counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, or other services will be provided to victims of dating violence, domestic violence, sexual assault, and stalking by the education support office. Other than financial aid assistance, no professional on-campus services are available.

Upon receiving a report of an alleged sex offense, school officials will also provide victims with a written explanation of the interim measures available to the victim to ensure his/her safety and equal access to educational programs and activities, including notification of reasonably available options for changing academic, living, transportation, and working situations. A written request for accommodations should be submitted to the Director/Chief Academic Officer, who will be responsible for determining what accommodations are reasonable. School officials are obligated to comply with a student's reasonable request for a living and/or academic situation change following an alleged sex offense and will assist in notifying the victim of all reasonably available options available for these changes regardless of whether the victim chooses to report the crime to local law enforcement. Examples of protective measures include restrictions on contact, changes to a living situation, if applicable, and course rescheduling. Vet Tech Institute of Houston does not issue orders of protection. However, if requested, school officials will also provide information on where and how to obtain protection orders and similar lawful orders issued by the court system. Vet Tech Institute of Houston will take the necessary measures, within reason, to comply with any orders issued by the courts that the institution is made aware of.

Whether or not law enforcement is notified or criminal charges are filed, a victim may file a disciplinary complaint in writing or verbally with the Director/Chief Academic Officer. A student who is accused of dating violence, domestic violence, sexual assault, or stalking will be subject to action in accordance with the Student Conduct policy published in the school's catalog. Sanctions that may be imposed are warning, suspension, or expulsion. Faculty or staff will be subject to action in accordance with the Anti-Harassment policy in the Bradford Schools Personnel Policies and Procedures Manual. Sanctions may include verbal or written reprimand, referral to appropriate counseling, withholding of a promotion or bonus, reassignment, suspension, or termination without severance benefits.

In a situation where disciplinary action is required, proceedings will provide a prompt, fair, and impartial investigation and resolution and be conducted by officials who receive annual training on issues related to dating violence, domestic violence, sexual assault, and stalking and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. Following a reported incident of dating violence, domestic violence, sexual assault, or stalking, the investigation generally shall include interviews with the parties if available, interviews with other witnesses as needed, and a review of relevant documents as appropriate. If necessary, a hearing may be scheduled. College officials shall complete the investigation as promptly as possible and in most cases within 60 working days from the filing of the complaint.

The school will make every feasible effort to preserve the confidentiality of and prevent the disclosure of the identities of the parties involved to the extent permissible by law. The accuser and the accused will be entitled to the same opportunities to have others present during school disciplinary proceedings, including the opportunity to

be accompanied to any related meeting or proceeding by an advisor of their choice. Officials will use a preponderance of the evidence standard during the procedures, which means that it is more likely than not that the alleged misconduct occurred. Both the accuser and the accused shall be simultaneously informed in writing of the outcome of the proceeding, including any sanctions imposed by the institution and the rationale for the result and the sanctions; the institution's procedures for appealing the results of the proceeding; any change to the results that occurs prior to the time that such results become final; and when such results become final. Both the accuser and the accused shall be informed following a final determination of the alleged offense as well as the appropriate sanctions that the school imposed and the rationale for the result and the sanctions. Appropriate sanctions may range from suspension to dismissal or termination.

No one shall retaliate, intimidate, threaten, coerce, or otherwise discriminate against the complainant or anyone else as a result of reporting or participating in an investigation or adjudication of alleged sexual misconduct.

Emergency Response and Evacuation Procedures

In the event of a report of an emergency or dangerous situation involving an immediate threat to the health or safety of students or staff, the Director/Chief Academic Officer or any other member of the school administration will promptly investigate and, if appropriate, confer with local law enforcement or other first responders to confirm the circumstances of the report. In the event of a confirmed emergency or dangerous situation, the school administration will determine the segment(s) of the campus community affected, determine the content of the notification, and immediately notify the school community or the appropriate segment of the campus community, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The decision will be made on a case-by-case basis. In the event of an emergency or dangerous situation, students should follow the guidance provided by the administration through classroom announcements and personal communications.

Fire alarms are located throughout the building. In the event that the building needs to be evacuated for any reason, a fire alarm will be activated. At the sounding of the alarm, all building occupants shall evacuate the building immediately. Classroom instructors are expected to interrupt class activity and instruct students to evacuate the building when the alarm sounds. Students are expected to follow directions as given to them by their instructor or other school officials. All exits are marked, and students are expected to leave the building in a prompt and orderly fashion using these exits. Instructors should close any windows, turn off room lights, take the sheet for taking attendance, make sure everyone has left the room, close the door of the room, lead students to a safe location, take roll immediately, and stay with the students until instructed to return to the building. Periodically, at least on an annual basis, announced or unannounced fire and other emergency drills will be conducted at the school in order to familiarize students with fire and emergency evacuation procedures. Emergency response and evacuation procedures will be publicized in conjunction with at least one test per calendar year. Documentation supporting the conduct of the exercise, including a description of the practice exercise, the date, the time, and whether it was announced or unannounced, will be maintained in the office of the Registrar.

In the event of an incident which would require the larger community to be notified, the college administration will utilize the 911 emergency phone system to report the event.

PROGRAM OF STUDY

Vet Tech Institute of Houston offers one associate degree program designed to train students for a professional career in the animal health care field.

VETERINARY TECHNOLOGY A.A.S. DEGREE PROGRAM

The objective of this occupational associate degree program is to provide the high school graduate with the necessary clinical, laboratory, surgical assisting, and administrative training to become a skilled entry-level member of the veterinary care industry. Application of classroom instruction is achieved through a veterinary externship in which each student participates. This program will normally be completed in 18 months of full-time enrollment. Upon successful completion of this program, students will receive an associate of applied science degree.

To become a Licensed Veterinary Technician (LVT) in Texas, individuals must graduate from a program accredited by the American Veterinary Medical Association (AVMA), must also first take and pass the Veterinary Technician National Examination (VTNE) with a locally derived scaled minimum score of 75 percent (425 minimum raw score), and then take and pass both the Licensed Veterinary Technician Examination (LVTE) and a mandatory background check authorized by the Texas State Board of Veterinary Medical Examiners. The Vet Tech Institute of Houston Veterinary Technology program is currently accredited by the Committee on Veterinary Technician Education and Activities (CVTEA) of the American Veterinary Medical Association (AVMA). Graduates of the program are eligible to take the Veterinary Technician National Examination (VTNE). Vet Tech Institute of Houston cannot guarantee that graduates will be eligible to work as veterinary technicians in Texas or any other state at all or at any specific time, regardless of their eligibility status upon enrollment.

* This course satisfies the concentration courses in the degree.

** Credit hours are calculated by Texas Workforce Commission, Career Schools and Colleges.

~ The course satisfies the general education requirements.

COURSE DESCRIPTIONS

BIOL 1308 BIOLOGY

(Lecture 48; Lab 0; Ext 0; Total Clock Hours: 48/Semester Credit Hours: 3)

The student will learn the fundamental principles of living organisms including physical and chemical properties of life, organization, function, evolutionary adaptation, and classification. Concepts of reproduction, genetics, ecology, and the scientific method are included. This course satisfies the general education requirement for the degree program. (Prerequisite: None)

ENGL 1301 COMPOSITION I

(Lecture 48; Lab 0; Ext 0; Total Clock Hours: 48/Semester Credit Hours: 3)

The student will learn the principles and techniques of written, expository, and persuasive composition; to analyze literary, expository, and persuasive texts; and critical thinking. This course satisfies the general education requirement for the degree program. (Prerequisite: None)

MATH 1332 CONTEMPORARY MATHEMATICS

(Lecture 48; Lab 0; Ext 0; Total Clock Hours: 48/Semester Credit Hours: 3)

The student will learn the introductory principles of sets, logic, number systems, number theory, relations, functions, probability, and statistics. Appropriate applications are included. This course satisfies the general education requirement for the degree program. (Prerequisite: None)

PSYC 2301 GENERAL PSYCHOLOGY

(Lecture 48; Lab 0; Ext 0; Total Clock Hours: 48/Semester Credit Hours: 3)

The student will learn about major topics in psychology. The study of behavior and the factors that determine and affect behavior are introduced. This course satisfies the general education requirement for the degree program. (Prerequisite: None)

SPCH 1311 INTRODUCTION TO SPEECH COMMUNICATION

(Lecture 48; Lab 0; Ext 0; Total Clock Hours: 48/Semester Credit Hours: 3)

The student will learn the theories and practice of communication in interpersonal, small group, and public speech. This course satisfies the general education requirement for the degree program. (Prerequisite: None)

VTHT 1200 ANIMAL BEHAVIOR

(Lecture 32; Lab 0; Ext 0; Total Clock Hours: 32/Semester Credit Hours: 2)

The student will learn normal/abnormal animal behavior, factors associated with those behaviors, and management techniques. The student will be able to identify normal/abnormal animal behavior and temperament, including environmental and physiological factors; identify appropriate/inappropriate animal trainer behavior; and describe acceptable/unacceptable behavior modification techniques. (Prerequisite: None)

VTHT 1202 VETERINARY LABORATORY PROCEDURES

(Lecture 16; Lab 48; Ext 0; Total Clock Hours: 64/Semester Credit Hours: 2)

The student will learn basic veterinary laboratory procedures, methodology, and proper use of laboratory equipment. The student will also be able to recognize reportable

conditions; prepare common diagnostic tests in the areas of parasitology, hematology, urinalysis, and microbiology; and utilize appropriate safety and sanitation techniques. (Prerequisite: None)

VTHT 1205 VETERINARY MEDICAL TERMINOLOGY

(Lecture 32; Lab 0; Ext 0; Total Clock Hours: 32/Semester Credit Hours: 2)

The student will learn word parts, directional terminology, and analysis of common veterinary terms. The student will be able to define, apply, and analyze common veterinary terms. (Prerequisite: None)

VTHT 1209 VETERINARY NUTRITION

(Lecture 32; Lab 16; Ext 0; Total Clock Hours: 48/Semester Credit Hours: 2)

The student will learn the fundamentals of energy and non-energy producing nutrients and their sources and functions. The student will also learn the integration of concepts including digestion, absorption, and metabolism with application to normal, therapeutic, reproduction, and whelping animal needs. (Prerequisite: None)

VTHT 1217 VETERINARY OFFICE MANAGEMENT

(Lecture 32; Lab 16; Ext 0; Total Clock Hours: 48/Semester Credit Hours: 2)

The student will learn the aspects associated with management of the veterinary practice. Emphasis is placed on client relations, record keeping, inventory, employment skills, and computer skills in the veterinary environment. The student will be able to demonstrate effective client relation, communication, and computer skills; apply basic principles such as proper maintenance of medical records; and display employment skills including interviewing, resume writing, and proper dress. The student will also be able to discuss euthanasia and its process in the veterinary hospital. (Prerequisite: None)

VTHT 1291 SPECIAL TOPICS: VTNE PREPARATION

(Lecture 16; Lab 48; Ext 0; Total Clock Hours: 64/Semester Credit Hours: 2)

The student will participate in a comprehensive review of both theory and practical application. This course is designed to prepare the student to sit for the Veterinary Technician National Examination. Discussions will be followed by exams formatted and timed using parameters similar to the actual test. (Prerequisites: VTHT 1202 Veterinary Laboratory Procedures, VTHT 1349 Veterinary Pharmacology, VTHT 1445 Veterinary Radiology, VTHT 1401 Introduction to Veterinary Technology, VTHT 1491 Special Topics: Small Animal Medicine, VTHT 2301 Canine and Feline Clinical Management, and VTHT 2423 Veterinary Clinical Pathology I; Corequisite: VTHT 1441 Anesthesia and Surgical Assistance)

VTHT 1349 VETERINARY PHARMACOLOGY

(Lecture 48; Lab 0; Ext 0; Total Clock Hours: 48/Semester Credit Hours: 3)

The student will learn the fundamentals of pharmacology including dosage calculations, labeling, packaging, and administration of common veterinary drugs, biologics, and therapeutic agents. The student will also discuss normal and abnormal responses to these agents, as well as the appropriate routes and methods of drug administration. (Prerequisite: MATH 1332 Contemporary Mathematics)

VTHT 1401 INTRODUCTION TO VETERINARY TECHNOLOGY

(Lecture 48; Lab 48; Ext 0; Total Clock Hours: 96/Semester Credit Hours: 4)

The student will learn about the profession of veterinary technology with emphasis on

basic techniques, handling and care of animals, and ethical and professional requirements. The student will be able to demonstrate basic restraint, medication, and treatment techniques for domestic animals, including physical exams and care and husbandry of kennel animals; specify the distinct job responsibilities of a veterinary assistant or technician; and recognize ethical and legal issues. (Prerequisite: None)

VTHT 1413 VETERINARY ANATOMY AND PHYSIOLOGY

(Lecture 56; Lab 40; Ext 0; Total Clock Hours: 96/Semester Credit Hours: 4)

The student will learn the gross anatomy of domestic animals including physiological explanations of how each organ system functions. The student will be able to identify and describe the major anatomical and physiological systems of domestic animals and apply this knowledge to common disease processes. (Prerequisite: None)

VTHT 1441 ANESTHESIA AND SURGICAL ASSISTANCE

(Lecture 32; Lab 80; Ext 0; Total Clock Hours: 112/Semester Credit Hours: 4)

This course provides an in-depth application of surgical, obstetrical, and anesthesia techniques including identification and use of instruments and equipment. The student will learn to identify instruments used in veterinary surgery, demonstrate operating room etiquette and the use of sterile technique, perform pre-anesthesia evaluation, administer and monitor anesthesia, calculate medications needed, provide post-anesthesia care, recognize and respond appropriately to anesthetic emergencies, and assist with routine surgical procedures. (Prerequisites: VTHT 1349 Veterinary Pharmacology, VTHT 1491 Special Topics: Small Animal Medicine, and VTHT 2423 Veterinary Clinical Pathology I)

VTHT 1445 VETERINARY RADIOLOGY

(Lecture 48; Lab 48; Ext 0; Total Clock Hours: 96/Semester Credit Hours: 4)

The student will learn the theory, principles, and practical application of radiology within the field of veterinary medicine. The student will be able to implement and follow recommended safety procedures; prepare and use technique charts; take and process diagnostic radiographs using stationary and portable x-ray machines; properly care for radiographic equipment; and label, file, and store radiographs. (Prerequisite: None)

VTHT 1491 SPECIAL TOPICS: SMALL ANIMAL MEDICINE

(Lecture 48; Lab 48; Ext 0; Total Clock Hours: 96/Semester Credit Hours: 4)

The student will learn the basic care of sick and injured animals including general patient management, supportive care, administration of medications, and first aid. The student will be able to give Sub-Q, IM, IV, and ID injections; perform venipuncture; properly place IV catheters; properly set IV flow rates; perform an ECG; demonstrate wound management care and proper bandaging techniques; and discuss blood transfusions and dentistry. (Prerequisite: VTHT 1401 Introduction to Veterinary Technology)

VTHT 2160 CLINICAL—LARGE ANIMAL VETERINARY TECHNICIAN

(Lecture 0; Lab 0; Ext 48; Total Clock Hours: 48/Semester Credit Hours: 1)

This course is conducted at stables, farms, or other off-campus facilities. Students will perform husbandry and restraint techniques as well as various medical and radiological procedures and will assist in surgical procedures on horses and cattle and other species when available. (Prerequisites: VTHT 2205 Equine Clinical Management and VTHT 2209 Food Animal Clinical Management)

VTHT 2205 EQUINE CLINICAL MANAGEMENT

(Lecture 32; Lab 16; Ext 0; Total Clock Hours: 48/Semester Credit Hours: 2)

The student will learn feeding, common management practices, and care of equines in a clinical setting and review common diseases of equines encountered in the practice of veterinary medicine. The student will be able to apply appropriate sanitation and disease prevention techniques; utilize appropriate medication procedures; and implement knowledge of nutrition, behavior, and reproduction of equines in a clinical setting. (Prerequisite: None)

VTHT 2209 FOOD ANIMAL CLINICAL MANAGEMENT

(Lecture 32; Lab 16; Ext 0; Total Clock Hours: 48/Semester Credit Hours: 2)

The student will learn feeding, common management practices, and care of food producing animals in a clinical setting and review the common diseases of food producing animals encountered in the practice of veterinary medicine. The student will be able to apply appropriate sanitation and disease prevention techniques; utilize appropriate medication procedures; implement knowledge of nutrition, reproduction, and behavior of food-producing animals in a clinical setting; and recognize common disease pathophysiology of small ruminants, poultry, swine, and bovine. (Prerequisite: VTHT 2205 Equine Clinical Management)

VTHT 2213 LAB ANIMAL CLINICAL MANAGEMENT

(Lecture 32; Lab 16; Ext 0; Total Clock Hours: 48/Semester Credit Hours: 2)

The student will learn proper feeding, common management practices, and care of laboratory animals in a clinical setting. The student will also review common diseases of laboratory animals encountered in the practice of veterinary medicine. The student will be able to apply appropriate sanitation and disease prevention techniques; utilize medication procedures; implement knowledge of nutrition, reproduction, and behavior of laboratory animals in a clinical setting; and recognize common diseases. (Prerequisite: None)

VTHT 2217 EXOTIC ANIMAL CLINICAL MANAGEMENT

(Lecture 32; Lab 16; Ext 0; Total Clock Hours: 48/Semester Credit Hours: 2)

The student will learn feeding, common management practices, and care of exotic animals in a clinical or zoological setting, as well as review common diseases of exotic animals encountered in the practice of veterinary medicine. The student will be able to apply appropriate sanitation and disease prevention techniques; utilize appropriate medication procedures; implement knowledge of nutrition, reproduction, and behavior of exotic animals in a clinical setting; and recognize common diseases. (Prerequisite: None)

VTHT 2301 CANINE AND FELINE CLINICAL MANAGEMENT

(Lecture 32; Lab 48; Ext 0; Total Clock Hours: 80/Semester Credit Hours: 3)

The student will learn proper feeding, common management practices, and care of canines and felines in a clinical setting and review common diseases of canines and felines encountered in veterinary medicine. The student will be able to apply appropriate sanitation and disease prevention techniques; utilize appropriate medication procedures; implement knowledge of nutrition, reproduction, and behavior of canines and felines; and recognize common disease pathophysiology of each system and its function. (Prerequisites: VTHT 1209 Veterinary Nutrition and VTHT 1413 Veterinary Anatomy and Physiology)

VTHT 2423 VETERINARY CLINICAL PATHOLOGY I

(Lecture 48; Lab 48; Ext 0; Total Clock Hours: 96/Semester Credit Hours: 4)

The student will complete an in-depth study of hematology and related chemistries with emphasis on lab procedures. The student will be able to perform blood counts (CBCs); recognize abnormal blood conditions; perform blood chemistries, pre-anesthesia evaluations, reticulocyte counts, blood coagulation tests, urinalysis, and microbiology; and demonstrate appropriate use of diagnostic equipment. (Prerequisite: VTHT 1202 Veterinary Laboratory Procedures)

VTHT 2560 CLINICAL—VETERINARY TECHNICIAN

(Lecture 0; Lab 0; Ext 264; Total Clock Hours: 264/Semester Credit Hours: 5)

The student will complete a health-related work-based learning experience to apply specialized occupational theory, skills, and concepts. Externships are served in a veterinary clinic, hospital, or other animal facility. Direct supervision is provided by the clinical professional. The externship experience provides the student with the opportunity to build upon the clinical and practical skills learned in the classroom. (Prerequisites: Completion of all essential skills with documentation as required by the CVTEA, VTHT 1202 Veterinary Laboratory Procedures, VTHT 1401 Introduction to Veterinary Technology, VTHT 1441 Anesthesia and Surgical Assistance, VTHT 1491 Special Topics: Small Animal Medicine, and VTHT 2423 Veterinary Clinical Pathology I)

ACADEMIC CALENDAR

JULY 2017 THROUGH JUNE 2018

PROGRAM START DATES

July 10, 2017

Semester 1 Term 1	Begin Date: 07/10/17	End Date: 08/29/17
Semester 1 Term 2	Begin Date: 09/05/17	End Date: 10/25/17
Semester 2 Term 1	Begin Date: 10/30/17	End Date: 12/21/17
Semester 2 Term 2	Begin Date: 01/08/18	End Date: 02/28/18
Semester 3 Term 1	Begin Date: 03/05/18	End Date: 04/25/18
Semester 3 Term 2	Begin Date: 04/30/18	End Date: 07/03/18
Semester 4 Term 1	Begin Date: 07/09/18	End Date: 08/28/18
Semester 4 Term 2	Begin Date: 09/04/18	End Date: 10/24/18
Semester 5 Term 1	Begin Date: 10/29/18	End Date: 12/20/18

October 30, 2017

Semester 1 Term 1	Begin Date: 10/30/17	End Date: 12/21/17
Semester 1 Term 2	Begin Date: 01/08/18	End Date: 02/28/18
Semester 2 Term 1	Begin Date: 03/05/18	End Date: 04/25/18
Semester 2 Term 2	Begin Date: 04/30/18	End Date: 07/03/18
Semester 3 Term 1	Begin Date: 07/09/18	End Date: 08/28/18
Semester 3 Term 2	Begin Date: 09/04/18	End Date: 10/24/18
Semester 4 Term 1	Begin Date: 10/29/18	End Date: 12/20/18
Semester 4 Term 2	Begin Date: 01/07/19	End Date: 02/27/19
Semester 5 Term 1	Begin Date: 03/04/19	End Date: 04/24/19

March 5, 2018

Semester 1 Term 1	Begin Date: 03/05/18	End Date: 04/25/18
Semester 1 Term 2	Begin Date: 04/30/18	End Date: 07/03/18
Semester 2 Term 1	Begin Date: 07/09/18	End Date: 08/28/18
Semester 2 Term 2	Begin Date: 09/04/18	End Date: 10/24/18
Semester 3 Term 1	Begin Date: 10/29/18	End Date: 12/20/18
Semester 3 Term 2	Begin Date: 01/07/19	End Date: 02/27/19
Semester 4 Term 1	Begin Date: 03/04/19	End Date: 04/24/19
Semester 4 Term 2	Begin Date: 05/06/19	End Date: 07/03/19
Semester 5 Term 1	Begin Date: 07/08/19	End Date: 08/27/19

Individual program starts will be based on an adequate number of students enrolling.

Graduation ceremonies are held once a year. All students with program ending dates from January 2018–October 2018 will participate in the graduation ceremony in October 2018. All students with program ending dates from November 2018–September 2019 will participate in the graduation ceremony in October 2019. Students nearing completion of a program may request that the Director/Chief Academic Officer allow them to participate in an earlier graduation ceremony but will not be graduates until they have completed all graduation requirements.

HOLIDAYS*

June 20 – 25, 2017	Summer Break
July 4, 2017	Independence Day
July 5 – 9, 2017	End of Term Break/Make-up Day (if needed)
August 30 – September 3, 2017	End of Term Break/Make-up Day (if needed)
September 4, 2017	Labor Day
October 26 – 29, 2017	End of Term Break/Make-up Day (if needed)
November 23 – 24, 2017	Thanksgiving Break
December 22, 2017 - January 7, 2018	Christmas/New Year Break
February 19, 2018	Presidents' Day
March 1 – 4, 2018	End of Term Break/Make-up Day (if needed)
March 30 – April 1, 2018	Spring Break
April 26 - 29, 2018	End of Term Break/Make-up Day (if needed)
May 28 – June 3, 2018	Memorial Day Break
June 18 – 24, 2018	Summer Break

*Vet Tech Institute of Houston has 3 additional staff holidays: December 26, 27, and 29.

ADMINISTRATION, FACULTY, AND STAFF

Administration
